Dear Sir,-

I am an undergraduate of Toronto University. I attended the Faculty of Applied Science during the year of 1914-1915. I passed with honors that year in the course for Civil Engineers. During the year I was a member of the C. O. T. C. and obtained grade "A" signallers certificate.

Since that time I have been employed on munition work for the Imperial Ministry of Munitions.

I wish now to enlist in the Royal Flying Corps. For this purpose I require recommendations and certificates of character.

I would be pleased if you could give me a letter concerning my work at the University.

Yours Sincerely,

Geo. E. Steel.

Assist. Inspt. of Shell.
